Creating a New Report – WBS Wizard

It is important to plan out your report before creating it. You should ask yourself the following questions: -

- a) What fields do I want to report on
- b) What screen will I find those fields in

1. Click on **Reports** (menu bar)
2. Click on **Create New Report...**
3. Click on **Next>**

4. Select **Use This Report Wizard**
5. Click on **Next>**

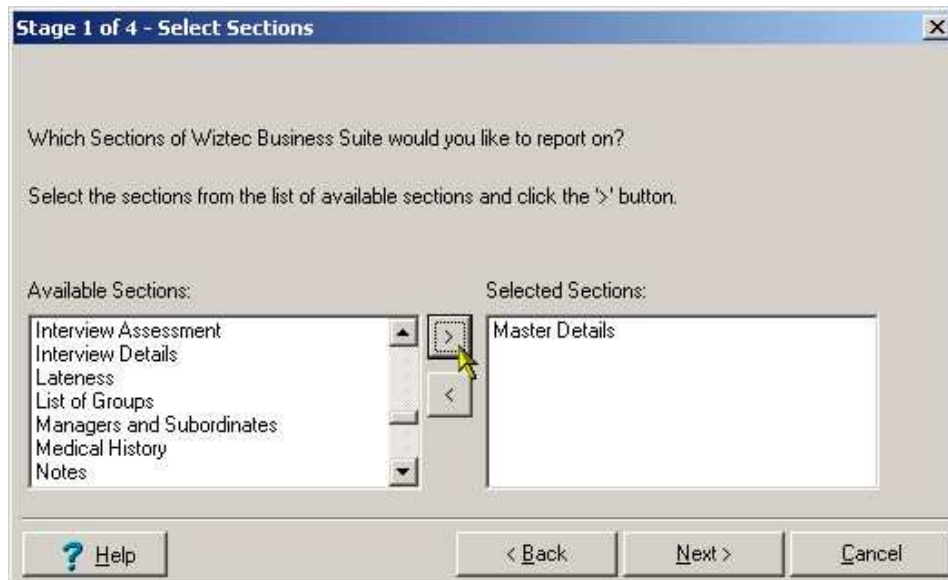

Creating a New Report

6. Under **Available Sections**, select the screens that contain the information you want to extract (e.g. Master Details)

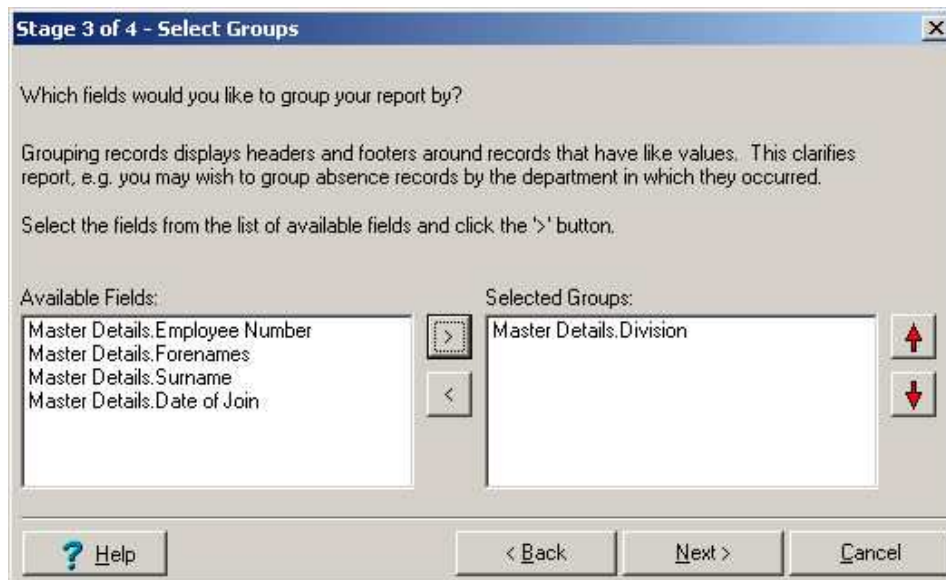

7. Click on the **Add** button

8. Repeat for each screen you want to include
9. Click on **Next>**
10. Select the **field(s)** you want to extract from the tables you selected (e.g. Employee Number)
11. Click on the **Add** button.
12. Repeat for each field you want to include

13. Click on **Next>**
14. Select the field you want to group the extracted information by (e.g. Department)
Do not use the grouping option if you are merely looking for a list report. Skip this step and click on **Next >**

15. Click on the **Add** button
16. Click on **Next>**

Creating a New Report

The final stage is to name your report and add it to the list of existing reports. This will enable you to quickly select the report in the future.
